

# District Energy Launches No Cost Solar Program

*Homeowners Can Go Solar without Spending Out-of-Pocket*

WASHINGTON, DC, UNITED STATES, March 26, 2025 /EINPresswire.com/ -- [District Energy, a leader in sustainable energy solutions](#), is revolutionizing residential solar with its No Cost Solar program, offering homeowners the opportunity to own a premium solar system with zero out-of-pocket costs.

With this initiative, homeowners receive a high-quality solar energy system at no initial expense. District Energy works with them to purchase the solar system using government programs. The cost is covered by District Energy in exchange for ownership of the system's Solar Renewable Energy Credits (SRECs). [Homeowners pay \\$0 and will save or eliminate the cost of their electric](#) energy.

“

At District Energy, we're committed to making clean energy accessible, using only the best solar equipment and ensuring homeowners truly benefit—without any gimmicks.”

*Tarek Azar, Principal at District Energy.*

What they receive with No Cost Solar:

- Premium High efficiency Solar Panel and Premium Micro Inverters
- All of the energy the system produces
- 25 Year Warranties and 40 Year Power Production Guarantee by District Energy

"Free solar offers often come with hidden costs or lower-quality systems, but not with District Energy," stated Tarek Azar, Principal at District Energy. "At District Energy, we're

committed to making clean energy accessible, using only the best solar equipment and ensuring homeowners truly benefit—without any gimmicks."

With no system size limits (under 20KW), this program ensures homeowners maximize their energy savings while contributing to a greener future.
