

# Javier Palomarez, USHBC President & CEO, Supports Senator Moreno's Bill to Bolster Domestic Manufacturing

WASHINGTON DC, DC, UNITED STATES, March 20, 2025 /EINPresswire.com/ -- [Javier Palomarez](#), President & CEO of the [United States Hispanic Business Council \(USHBC\)](#), applauds Senator Bernie Moreno (R-OH) for the introduction of [S.711](#) - Transportation Freedom Act.

Palomarez released the following statement:

"As a leading advocate for our nation's small business community, we proudly support Senator Bernie Moreno's bill to increase tax deductions for wages paid to auto manufacturing workers. This is a common-sense, pro-business, and pro-worker tax cut that encourages the growth of domestic manufacturing. As tariffs and new trade policies take effect, this bill comes at a critical moment. It establishes incentives that help businesses, workers, and consumers navigate these changes while promoting domestic manufacturing and overall economic growth."

Palomarez continued:

"We need more common-sense legislation to accompany new trade policies and to improve our significantly hollowed-out manufacturing sector. Encouraging and bolstering domestic production is key to a strong and thriving economy. Therefore, we applaud Senator Bernie Moreno's leadership and his introduction of this pro-business legislation. We welcome the opportunity to work with Senator Moreno to improve and support the backbone of America's economy – our small business community."
