

Innovation & Tech Today New Vol. 9, Issue 4: Exploring the Future of Tech & Hollywood

Innovation & Tech Today releases Volume 9, Issue 4, packed with exciting insights, exclusive interviews, and groundbreaking stories.

DENVER, CO, UNITED STATES, March 27, 2025 /EINPresswire.com/ -- Innovation & Tech Today (ITT) is excited to announce the release of Volume 9, Issue 4, packed with new exclusive interviews, cutting-edge tech, and in-depth entertainment coverage.

Inside this issue:

-[William H. Macy](#) on AI & Hollywood: The legendary actor shares his take on how artificial intelligence is reshaping storytelling and the entertainment industry. "We have to realize that it's not all good. There's a very, very dark side to this technology," Macy shares in his exclusive interview.

-Smart Homes & Robotics: The latest innovations transforming how we live, work, and interact.

-The Metaverse & Digital Avatars: How virtual identities are revolutionizing online connections.

-Behind the Scenes of Netflix's Spaceman: Director Johan Renck breaks down the fusion of tech and artistry in the sci-fi film starring Adam Sandler.

-AI in Art & Design: The evolving role of artificial intelligence in creative expression.

-The Mountain West Tech Boom: Why this region is emerging as a major innovation hub.

"It's been an absolute honor collaborating with our talented contributors and conducting interviews with directors, global influencers, and television icons to bring this issue to life. From engaging interviews to in-depth features, each piece of content has been carefully curated to reflect the forward-thinking spirit of our magazine," says Managing Editor [Lindsey Feth](#).

About ITT:

Veteran actor William H. Macy on AI & Hollywood. How AI is reshaping story telling.

As a premier source for innovation and technology news, ITT delivers award-winning content through print, digital, podcasts, and live event coverage from CES, CEDIA, USASEF, and more. [See media kit here.](#)
