

SendQuick, KDCC & Gingko's Technology Sign MOU to Boost Data Center Resilience & Incident Response in South Korea

SendQuick Pte Ltd, Korea Data Center Council and Gingko's Technology Sign MOU on 21 March 2025 to Advance Data Center IT Infrastructure Solutions in South Korea

SINGAPORE, SINGAPORE, March 24, 2025 /EINPresswire.com/ -- In a strategic move to enhance [data center IT infrastructure](#), SendQuick Pte Ltd, Korea Data Center Council (KDCC), and Gingko's Technology Inc have signed a Memorandum of Understanding (MOU) on 21 March 2025. The agreement establishes a collaborative framework to promote and implement SendQuick's innovative solutions in the data center industry in South Korea.

SendQuick Pte Ltd, Korea Data Center Council, Gingko's Technology Inc sign MOU on 21 March 2025 to Advance Data Center IT Infrastructure Solutions in South Korea

Under this partnership:

- o SendQuick Pte Ltd, as the manufacturer, will provide its advanced IT solutions, along with technical support and expertise.
- o KDCC will identify industry needs and engage IDC members to drive adoption.
- o Gingko's Technology Inc will oversee distribution, logistics, and local technical support to ensure seamless implementation.

This collaboration aims to address the growing demand for enhanced uptime, rapid [incident response](#), and improved [operational efficiency](#) in modern data centers.

Mr. JS Wong, CEO of SendQuick Pte Ltd, expressed enthusiasm about the partnership: "This MOU marks a significant step towards growing our presence in South Korea. By combining our expertise with KDCC and Gingko's Technology Inc, we can deliver innovative and secure solutions that enhance operational efficiency and response times in the data center industry."

Dr. Chae Hyo Keun, Vice Chairman of KDCC, emphasized the industry benefits:

By combining our expertise with KDCC and Gingko's Technology Inc, we can deliver innovative and secure solutions that enhance operational efficiency and response times in the data center industry"

JS Wong

"Through this excellent MOU between KDCC and Sendquick, we hope to expand the Data Center IT infrastructure failure notification service by notifying the members of the Council Data Center."

Dr. Kevin Chae, CEO of Gingko's Technology Inc, highlighted the distribution and support advantages:

"As the Korean distributor of Sendquick, Gingko's Technology expects that through this MOU, it will be able to supply more products and provide technical support to KDCC members, thereby reducing customer downtime and increasing productivity."

The MOU reflects a shared commitment to fostering innovation, efficiency, and resilience in the data center ecosystem.
