

# Zeal Announces New Third-Party Logistics Division - ZPL

PEACHTREE CORNERS, GA, UNITED STATES, March 31, 2025  
/EINPresswire.com/ -- Zeal Specialty Pharmacy is proud to announce the launch of its new Third-Party Logistics (3PL) Division – Zeal Pharmacy Logistics (ZPL) – which will be based in a newly opened facility in Peachtree Corners, Georgia later this Summer.

“This is a logical next step for Zeal – having capabilities to provide boutique, personalized solutions for our industry partners who are searching for better alternatives,” said Zeal CEO, Jonathan Ogurchak. “Not every product requires a one-size-fits-all approach to distribution, so partners shouldn’t be forced to choose something that doesn’t meet their exact needs.”

With the increased emergence of specialty products, there is a heightened demand for customized storage and distribution solutions.

ZPL services and capabilities include:

- Full distribution services – receipt, storage, and order fulfillment
- Repackaging and custom kitting of commercially-packaged product
- Controlled room temperature (CRT) storage
- Cold chain (2-8C) storage

- NABP Drug Distribution certification, in progress

“Not all 3PL’s are created equal,” said Brenden Harper, Zeal CFO and President of Zeal Pharmacy Logistics. “While we anticipate being an attractive offering for all manufacturers we might engage with, partners seeking bespoke, highly customized solutions will find their needs met leveraging ZPL’s distribution and packaging.”
