## More about Inc. and the Inc. Regionals

### Methodology

The 2025 Inc. Regionals are ranked according to percentage revenue growth over two years. To qualify, companies must have been founded and generating revenue by March 31, 2021. They had to be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2023. (Since then, a number of companies on the list may have gone public or been acquired.) The minimum revenue required for 2021 is \$100,000; the minimum for 2023 is \$1 million. As always, Inc. reserves the right to decline applicants for

subjective reasons.
