SANTA CLARA, CA, UNITED STATES, April 3, 2025 /EINPresswire.com/ -- [Encora](#) Achieves Premier Tier Status in the Amazon Web Services Partner Network

The Premier tier status recognizes Encora's proven expertise and excellence in driving cloud transformation on the [AWS](#) platform.

SANTA CLARA, CA: Encora, a leading digital engineering company, today announced that it has achieved Premier tier in the AWS Partner Network (APN). Achieving Premier Tier Services Partner status differentiates Encora as an AWS Partner that consistently demonstrates expertise and notable success in helping customers design, architect, build, migrate, and manage their workloads on AWS.

Speaking on the topic, Lalit Wadhwa, Chief Technology Officer, Encora, said:

"We are thrilled to be recognized as an AWS Premier Tier Partner. This achievement is a testament to our long-standing partnership with AWS and our team's expertise in delivering innovative solutions using AWS's cutting-edge technologies. It reflects our mature cloud-first, data-first, and AI-first approach that has been central to our DNA from day one. We look forward to leveraging this partnership to unlock new opportunities and drive success for our clients on AWS."

To earn Premier tier, companies must complete a rigorous approval process through accreditations and certifications, must demonstrate a long-term investment in their relationship with AWS, and must have extensive expertise in deploying customer solutions on AWS. AWS Premier Tier Services Partners also have a strong team of AWS Trained & Certified technical consultants with deep expertise in project management and professional services.

With over 750 AWS certifications, 5 AWS competencies, and 11 AWS Service Validations held by Encora, this recognition further strengthens its position as a trusted partner for enterprises seeking to optimize their cloud operations, drive innovation, and maximize the value of their AWS investments.
