N-iX achieves Premier Tier Services Status within the AWS Partner Network

N-iX

N-iX

The AWS Premier Tier is the highest level of partnership within the APN, recognizing partners that demonstrate extensive experience, technical proficiency, and proven success in delivering AWS solutions at scale. N-iX has built its AWS expertise over years of dedicated work and hands-on experience, consistently demonstrating its ability to design, build, and optimize cloud solutions that drive business transformation for clients across industries.

"With over 200 certified AWS professionals and a strong track record of cloud success, N-iX is committed to enabling organizations to leverage the full potential of AWS," said Orest Furhala, Head of Alliances and Partnerships at N-iX. "Achieving Premier Tier status is a testament to our team's dedication, technical excellence, and the trust our clients place in us to deliver innovative cloud solutions."

Since becoming an AWS partner in 2020, N-iX has steadily advanced its cloud capabilities. The company achieved Advanced Tier Services Partner status in 2021 and has since earned multiple AWS competencies and designations. N-iX supports businesses at every stage of their cloud journey, but our specialties include: Modernizations and migrations, Data and Analytics, and GenAI.

With a global footprint and a strong focus on cloud transformation, N-iX has successfully delivered over 200 AWS-based cloud projects. The company's core expertise spans industries such as finance, manufacturing, and retail, helping enterprises modernize their operations, enhance efficiency, and drive competitive advantage with AWS.
