

Chasin A Dream Foundation Launches Mindful Haven to Support Families of Children with Life-Threatening Illnesses

The Jupiter based 501(c)(3) foundation has launched a program specifically designed to support the parents, siblings, and caregivers of warrior children.

JUPITER, FL, UNITED STATES, April 14, 2025 /EINPresswire.com/ -- [Chasin A Dream Foundation](#) is proud to announce the official launch of Mindful Haven, a new community, safe space, and resource center created to support families navigating the unimaginable: life-threatening childhood illnesses, disabilities, and the loss of a child.

The program's first official event, the Warrior Moms Summit, took place on April 5, 2025, at the DoubleTree in Palm Beach Gardens. Chasin A Dream welcomed mothers of children with life-threatening illnesses and disabilities, along with grieving mothers who have lost a child, for a powerful day of healing, support, and connection. The event featured heartfelt talks and expert guidance from Dr. Ken Grey, Terra Brown, Angel and Marc Chernoff, Tara Wells, and Stacy Willett.

"When a child is diagnosed with a life-threatening illness, or when a child is lost, the world can stop spinning," said [Lori Griffith](#), founder of Chasin A Dream Foundation. "Mindful Haven was created to meet that moment and to offer connection, compassion, and care for the families too often left to carry the weight of the unimaginable in silence. The Warrior Moms Summit was the first step in what we know will become a truly life-changing program."

Mindful Haven was developed to provide emotional, practical, and therapeutic support for families impacted by pediatric illness, medical trauma, and loss. The program offers healing retreats, support groups, wellness workshops, and curated resources designed to serve: Parents and caregivers of children with life-threatening illnesses and disabilities
