

# AppWork and Multifamily Media Network Announce Winners of the Spring 2025 Top Maintenance Rating Awards

*Recognizing Spring Winners of the Top Maintenance Rating of multifamily properties across the multifamily industry*

RAMSEY, NJ, UNITED STATES, April 15, 2025 /EINPresswire.com/ -- [AppWork](https://www.appwork.com), the leading maintenance operations platform for multifamily teams, has partnered with Multifamily Media Network (MMN) to announce the winners of the Spring 2025 Top

Maintenance Rating Awards a national recognition program honoring the apartment communities delivering the highest-rated maintenance service.

“Maintenance isn’t just a backend function—it’s the frontline of resident experience,” said Sean Landsberg, CEO and Co-Founder of AppWork. “These winning teams have earned their residents’ trust, and now they’ve earned this badge. We’re proud to spotlight the best of the best.”

“

Maintenance isn’t just a backend function—it’s the frontline of resident experience”

*Sean Landsberg, CEO  
AppWork*

Out of thousands of eligible properties, these 25 communities were ranked based on verified resident reviews. The award is fully data-driven, celebrating teams that consistently provide best-in-class maintenance service

to their residents. Each winner will receive a crystal Top Maintenance Rating Trophy and digital badge.

“Great service is the heartbeat of great maintenance. It’s not just about fixing things—it’s about showing up with care, urgency, and respect for the people who call our communities home. These awards don’t just recognize great work—they celebrate the heartbeat of hospitality in our communities.”

— Mike Brewer, Co-Founder, Multifamily Media Network

The Top Maintenance Rating program was created to shine a light on one of the most critical but often overlooked aspects of property management: maintenance. While awards in the industry typically focus on marketing, leasing, or design, this program celebrates the teams that are solving problems that residents appreciate most. Keeping properties running smoothly and driving resident satisfaction every single day.

Unlike traditional awards based on applications or subjective judging, the Top Maintenance Rating is entirely data-driven. Properties don't apply they earn their spot through performance.
