About the Author

Terry Applegate started this project in 2015 on a whim that soon grew into a passion to find the history of Daniel in the American Revolution. That story had been passed down to generations of families for more than two hundred years. With painstaking research and engaging prose, she brings to life a part of American history for readers of all ages.

She lives in a cabin in the woods with her husband and two dogs. Regular visitors are deer, bobcats, foxes, coyotes, Russian boar, and occasionally coy wolves, black bears, panthers, and neighbors.
