

A Mother's Battle Against a Broken Education System to Help Her Sons Overcome Dyslexia

This book is deeply personal, written by a mother who found reserves of strength and tenacity within herself to keep fighting on behalf of her children.

STATEN ISLAND, NY, UNITED STATES, April 23, 2025 /EINPresswire.com/ -- Author [E.R. Bellamy](#) is proud to introduce *Chasing My Child's Education: A Staten Island Mother's Struggle*, a deeply personal biographies & memoirs book that takes readers on an emotional journey of a mother's fight to secure the best education for her sons.

Book "Chasing My Child's Education" by E R Bellamy

For many parents, ensuring their children receive a proper education can be difficult, but for Bellamy, the challenge was even greater. Her two neurotypical sons struggled with reading, yet their difficulties were often overlooked. In this memoir, she shares her family's battle to get their dyslexia recognized and accommodated in both public and private schools. Readers will experience the frustration, hope, and determination of a mother who refused to give up.

Through real-life experiences, Bellamy uncovers the flaws within the education system, the barriers parents face when advocating for their children, and the emotional toll it takes. She brings readers back to the very beginning—even before school started—allowing them to truly understand her family's journey. Anyone who has ever felt powerless in the face of an unresponsive system will relate to this biographies & memoirs story.

But *Chasing My Child's Education* is more than just a story of struggle—it's a message of hope. Bellamy's determination led her to become a Reading Specialist, turning her personal fight into a lifelong mission to help children with dyslexia. Today, she works as a Reading Tutor, using her knowledge and experience to support families facing similar challenges.

"I wrote this book for parents who feel alone in their fight," says Bellamy. "If you have a child

struggling to keep up in school, I want you to know that there is a way forward. I've been where you are, and I hope my journey can inspire and guide you."

This must-read biographies & memoirs book is perfect for parents, educators, and anyone passionate about education reform. It sheds light on the struggles families face, the resilience needed to overcome them, and the importance of advocating for every child's right to learn.

About the Author

E.R. Bellamy was born and raised in Staten Island, New York. She attended Notre Dame Academy for high school and later studied at the Katharine Gibbs School in Manhattan. When her sons were diagnosed with dyslexia and Disorder of Written Expression, she became their strongest advocate. Her passion for helping children with dyslexia led her to study the Wilson Reading System, and today, she works as a Reading Tutor, making a difference in the lives of struggling readers.
